

Privacy Policy

Last Updated: April 14th, 2025

1. Introduction

This Privacy Policy explains how Monkeys with Typewriters (MwT) collects, uses, and safeguards personal data. By using MwT, you consent to the practices described here.

2. Data We Collect

1. Basic User Data: If you create or log in via synergy expansions or meltdown checks, we may store username or partial synergy logs.
2. Generated Text: We record synergy expansions (the “monkeys’ typed output”) to run meltdown checks and store possible illusions or illusions quarantines.
3. Technical Info: We collect logs about usage, meltdown triggers, or synergy expansions (like IP addresses for security, meltdown timestamp logs, or illusions’ partial references).

3. How We Use Data

1. Meltdown Prevention: We store synergy expansions to refine meltdown checks, blocking illusions or contradictory expansions.
2. Enhancements: Data helps us improve synergy expansions, reduce meltdown risk, or develop new meltdown-proof features.
3. Communications: If you provide contact info, we might notify you about synergy updates or meltdown events.

4. Sharing Data

1. Internal Team: Key meltdown engineers or synergy moderators might see your expansions or illusions quarantined.

2. Legal Compliance: We may disclose info if required by law or to protect meltdown integrity or synergy expansions from malicious illusions.

5. Data Retention

We keep synergy expansions or meltdown logs for as long as necessary to fulfill meltdown checks or synergy improvements, or as required by law. If you request deletion, we'll attempt to remove your personal data unless meltdown logs are needed for synergy safety or legal compliance.

6. Cookies & Tracking

If you access MwT via a web interface, we may use basic cookies or sessions to preserve meltdown checks across your synergy expansions. We do not use intrusive tracking for third-party ads.

7. Security Measures

We implement meltdown-safe logic plus typical encryption or access controls to protect your synergy expansions from unauthorized illusions or meltdown infiltration.

8. Children's Privacy

MwT is not specifically directed to children under [13 or relevant age], but if meltdown synergy logs are collected from minors, we rely on guardians to supervise. If you're aware of unauthorized data collection from a child, please contact us to remove it.

9. Changes to Privacy Policy

We may update this policy to reflect meltdown or synergy expansions changes. We'll post the latest version with an updated "April 14th 2025" date.
